During this period the club was frequently represented in time trials by Russ Mantle, Geoff Quinnell, Noel Elms and Charlie Sprinks and many others of varying abilities. Russ is now widely known as being a high mileage touring rider and at the end of 2006 was recorded in the CTC magazine "Cycle" as being number 3 in the 300,000 mile club with a total recorded mileage of 773,043 miles!

Recently there has been a welcome contact from Jim Peace who tells me that he joined the club in the autumn of 1955. He recalls that the club met regularly at the Central Club in South Street Farnham. There were club runs at weekends which he recalls were much to fast for him and expensive, as they frequently stopped for tea and cakes which cost as much as 1/6d! Jim recounted that he watched many time trials on the A31, which at that time went through Bentley, Alton and Chawton, before entering a Border Cycling Association Medium Gear 25 on March 17th 1957 his 1hr 12 something resulted in him being overtaken by several following riders. The Event Secretary was Brian Rogers then of the Farnborough Cycling Club although he was later a Farnham RC member and is generally known as a member of the Farnborough and Camberley Cycling Club. Jim goes on to say that he entered a massed start race on the Isle of Wight later that same year and another 25 run by the Uxbridge Wheelers, also on the A31. The massed start race was held under the N.C.U. rules and participation had to be kept quiet as taking part could have resulted in suspension by the R.T.T.C for competing under another set of rules. The lure of powered two wheelers led Jim away from cycling. Although now retired he regularly writes articles in various motorcycle publications.

The start sheet, scanned from the original below, gives no details of the event headquarters, suggesting that the event was simply held "beside the road" and that many or most of the competitors cycled to and from the event. The 72 inch gear is roughly equivalent to a 46 chain ring with a 17 tooth rear sprocket. On the day both the crank length and the distance travelled was measured before the start The race start was in the vicinity of River Lane on the Alton side of Coxbridge. The course went to East Tisted on the A32 and turned in the road. This practice continued into the 1970's, before being deemed unsafe and only roundabout turns were allowed.

At No 7 is an E. Marsh who is a Herald Newspaper photographer and until 2005 travelled everywhere by bicycle until poor health resulted in a loss of balance. He still attends Aldershot Football Club as a photographer. 31 is R. Naris of the Guildford Phoenix club (no longer in existence). Bob later became a Road Club member until in the early 1970's he was found dead beside the road after a visit to his sister. He is commemorated by the annual Bob Naris Veterans' BAR trophy.

The Farnham Road Club riders have been highlighted but apart from Jim Peace at no.18 they are not known to me. (2007)

The Uxbridge Wheelers event was held on Sunday, May 5th 1957. It was clearly a superior event as the start sheet was professionally printed by the Spelthorne Press in Ashford. It was billed as a Junior Scratch Time Trial and Scratch Team event and was held on the same A31 course as the medium gear event. The first rider was away from the start at 7.01 am. (That is what I call a proper start time!). Unfortunately the original start sheet was printed on an orange coloured paper and has not copied well enough to attach to the website and has therefore been reproduced.

This was a Junior Only event and attracted a field of 91 riders. (It is sad to reflect that a recent Open 10 June 2007 attracted only one junior rider!).

At number 27 in the 17th March 1957 medium gear event was Jim Andrew who started racing with the club during 1956. Jim recalls winning a solid silver medal in the Ealing Paragon 25 in his first event as the winner of the "Best on Handicap". His bicycle, pictured below was a Sun Wasp Supalite purchased complete from Heath Brothers in East Street, Farnham, with a four speed derailleur gear but converted to a fixed wheel.

Jim has been able to recall that Johnny Goodchild lived in the Frimley area and was somewhat more senior. Ken Jenson lived near Cut Mill at this time and worked at Weyburn Engineering, Elstead with Jim and later at IFVME Farnborough, again with Jim A but was unfortunately killed in a road accident while riding his bike in about 2000. Jim remembers several members from that time including Charlie Sprinks and his wife Alice, who was also a local cyclist and Ron Wickerson's sister Sylvie who married a fellow member Nigel Nichols and still lives in Farnborough. Mike Shannon who lived near Dippenhall, Peter Brooker who moved away to Australia, Derek Patterson from Farnborough, Derek Carter who's father owned Farnham Glass Co. in West Street and Paul Muddell from Heath End.
